

Chainlink CCV AWS Marketplace End User License Agreement (EULA)

By downloading, accessing or using the software made available through this AWS Marketplace listing, you agree to be bound by the terms of this End User License Agreement ("EULA"). The software made available through this listing comprises the Chainlink CCV Verifier and Aggregator components. Those components are licensed under the applicable Business Source License 1.1 and corresponding Additional Use Grant set out below. Use of the software is also subject to the accompanying Disclaimer.

Verifier

Business Source License 1.1

License text copyright (c) 2017 MariaDB Corporation Ab, All Rights Reserved.
"Business Source License" is a trademark of MariaDB Corporation Ab.

Parameters

Licensor: Chainlink Labs Inc. and its affiliates

Licensed Work: All content in the verifier/ directory and its subdirectories.

The Licensed Work is (c) 2026 Chainlink Labs Inc. and its affiliates

Additional Use Grant: The Additional Use Grant set out below.

Change Date: January 1, 2030

Change License: MIT

Terms

The Licensor hereby grants you the right to copy, modify, create derivative works, redistribute, and make non-production use of the Licensed Work. The Licensor may make an Additional Use Grant, above, permitting limited production use.

Effective on the Change Date, or the fourth anniversary of the first publicly available distribution of a specific version of the Licensed Work under this License, whichever comes first, the Licensor hereby grants you rights under the terms of the Change License, and the rights granted in the paragraph above terminate.

If your use of the Licensed Work does not comply with the requirements currently in effect as described in this License, you must purchase a commercial license from the Licensor, its affiliated entities, or authorized resellers, or you must refrain from using the Licensed Work.

All copies of the original and modified Licensed Work, and derivative works of the Licensed Work, are subject to this License. This License applies separately for each version of the Licensed Work and the Change Date may vary for each version of the Licensed Work released by Licensor.

You must conspicuously display this License on each original or modified copy of the Licensed Work. If you receive the Licensed Work in original or modified form from a third party, the terms and conditions set forth in this License apply to your use of that work.

Any use of the Licensed Work in violation of this License will automatically terminate your rights under this License for the current and all other versions of the Licensed Work.

This License does not grant you any right in any trademark or logo of Licensor or its affiliates (provided that you may use a trademark or logo of Licensor as expressly required by this License).

TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE LICENSED WORK IS PROVIDED ON AN "AS IS" BASIS. LICENSOR HEREBY DISCLAIMS ALL WARRANTIES AND CONDITIONS, EXPRESS OR IMPLIED, INCLUDING (WITHOUT LIMITATION) WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, AND TITLE.

MariaDB hereby grants you permission to use this License's text to license your works, and to refer to it using the trademark "Business Source License", as long as you comply with the Covenants of Licensor below.

Covenants of Licensor

In consideration of the right to use this License's text and the "Business Source License" name and trademark, Licensor covenants to MariaDB, and to all other recipients of the licensed work to be provided by Licensor:

1. To specify as the Change License the GPL Version 2.0 or any later version, or a license that is compatible with GPL Version 2.0 or a later version, where "compatible" means that software provided under the Change License can be included in a program with software provided under GPL Version 2.0 or a later version. Licensor may specify additional Change Licenses without limitation.
2. To either: (a) specify an additional grant of rights to use that does not impose any additional restriction on the right granted in this License, as the Additional Use Grant; or (b) insert the text "None".
3. To specify a Change Date.
4. Not to modify this License in any other way.

Additional Use Grant (Verifier)

You may make use of the Licensed Work solely for purposes of developing, deploying and operating the Licensed Work in connection with CCIP.

Disclaimer

The software made available in this AWS Marketplace listing, including but not limited to any examples, templates, and starter kit components (the "Codebase") is provided "AS IS" and "AS AVAILABLE", may not have been audited, and may omit checks, validations or error handling. You are solely responsible for reviewing, testing, auditing and securing any implementation before deploying it in a production environment. The security, availability, and operation of a CCV varies depending on its configuration. You should not rely on the Codebase for production use without first conducting your own technical, engineering, and security review.

By accessing or using the Codebase, you acknowledge and agree that your access to and use of the Codebase is also subject to the Chainlink Foundation Terms of Service available at <https://chain.link/terms> (the "Terms of Service"), as amended from time to time.

Nothing in this Disclaimer or the Terms of Service expands or limits the copyright permissions granted under the applicable software license governing the relevant portion of the Codebase. To the extent there is any inconsistency between this Disclaimer and the applicable software license, the applicable software license governs with respect to the copyright granted for that relevant software.
