

Your use of AWS services is subject to the AWS Customer Agreement or other agreement with Amazon Web Services, Inc. or its affiliates governing your use of AWS services. You are not authorized to include the Xilinx tools and software, including Xilinx Vivado Design Suite, Vitis unified software platform and SDx development environment, in any other AWS Marketplace listing.

Xilinx tools and software, including Xilinx Vivado Design Suite, Vitis unified software platform and SDx development environment, may be used only for the purpose of developing, porting, synthesizing, testing, verifying, executing and supporting designs for use on AWS F1 instances, and are subject to the applicable Xilinx End User License Agreement, located at:
