

End User License Agreement

KlastroHeron Decision Intelligence — Cloud / MCP Server Edition

Klastrovanie Co., Ltd. (“Licensor”)

EULA revision 1.0 · Effective on acceptance at the point of purchase

DRAFT FOR LEGAL REVIEW

This document is a template prepared to support commercial distribution on AWS Marketplace. It is not legal advice. Bracketed items such as [Governing law jurisdiction] must be completed and the whole agreement reviewed by qualified counsel before use.

This End User License Agreement (the “Agreement”) is a binding agreement between Klastrovanie Co., Ltd. (“Licensor,” “we,” “us”) and the individual or entity that acquires the Software (“Customer,” “you”). By purchasing, deploying, or using the Software, you agree to this Agreement. If you do not agree, do not purchase, deploy, or use the Software.

1. Definitions

“**Software**” means the KlastroHeron Decision Intelligence (4Councilmen / Prudentia) Cloud / MCP Server Edition container image and accompanying materials made available through AWS Marketplace, and any updates provided under this Agreement. “**Output**” means any content the Software generates, including agent responses, convergence results, and recommendations.

“**Marketplace**” means AWS Marketplace. “**Order**” means the contract and pricing dimension (for example Government, Business, or Enterprise) accepted through the Marketplace.

2. License Grant

Subject to your continued compliance with this Agreement and payment of the applicable fees, Licensor grants you a non-exclusive, non-transferable, non-sublicensable, revocable license, during the term of your Order, to deploy and use the Software within the scope purchased (as described by the applicable pricing dimension) for your internal business purposes. This is a commercial license granted separately from, and independent of, the open-source edition described in Section 4.

3. Restrictions

Except as expressly permitted, you shall not: (a) redistribute, resell, sublicense, rent, or provide the Software to third parties as a standalone product; (b) remove or alter any proprietary notices; (c) use the Software beyond the scope of the purchased pricing dimension; (d) reverse engineer the Software except to the extent this restriction is prohibited by applicable law; or (e) use the Software in violation of applicable law or the AWS Marketplace terms.

4. Relationship to the Open-Source Edition

An open-source edition of the underlying software is separately available under the GNU Affero General Public License, version 3.0 (“AGPL”). This Agreement governs only the commercial Cloud /

MCP Server Edition obtained through the Marketplace. This commercial license is offered as an alternative to the AGPL for customers that do not wish to be bound by the AGPL's obligations, and it does not grant any rights in, or impose any obligations from, the AGPL. Where you use the open-source edition, the AGPL governs that use.

5. Entitlement, Fees, and AWS Marketplace

Your right to use the Software is subject to a valid entitlement validated through AWS License Manager. Fees, billing, contract duration, and refunds are handled by AWS under the applicable Marketplace terms and your Order. If your entitlement expires or is revoked, the Software may cease to provide service until the entitlement is restored.

6. Customer Responsibilities

You are solely responsible for: (a) the questions, prompts, documents, images, and other inputs you provide to the Software; (b) your selection and configuration of Amazon Bedrock models and all other settings, including model access and IAM permissions in your own AWS account; (c) the review of every Output by a qualified person before any use; (d) any decision made, action taken, or decision to accept or reject an Output; and (e) your compliance with all laws applicable to your use, including data-protection and sector-specific requirements. Incorrect, unsafe, or unlawful results arising from your inputs, prompts, configuration, or model choice are your responsibility.

7. AI-Generated Outputs; No Reliance

All Outputs are AI-generated content and are provided only as recommendations to support human review. They are not decisions, determinations, professional advice, or instructions to act, and may be inaccurate, incomplete, biased, or unsuitable for a given context. The Software must not be used as the sole basis for any decision producing legal or similarly significant effects on a person. You retain full control of, and responsibility for, all decisions.

8. Disclaimer of Warranties

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE SOFTWARE AND ALL OUTPUTS ARE PROVIDED "AS IS" AND "AS AVAILABLE," WITHOUT WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, ACCURACY, OR NON-INFRINGEMENT. LICENSOR DOES NOT WARRANT THAT THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT ANY OUTPUT WILL BE CORRECT, COMPLETE, UNBIASED, OR SUITABLE FOR ANY PARTICULAR DECISION.

9. Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, LICENSOR SHALL NOT BE LIABLE FOR ANY DECISION MADE OR ACTION TAKEN IN RELIANCE ON THE SOFTWARE OR ANY OUTPUT, FOR ANY ACCEPTANCE OF A RECOMMENDATION OR SUGGESTION PRODUCED BY THE SOFTWARE, OR FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, OR

PUNITIVE DAMAGES, OR FOR ANY LOSS OF PROFITS, REVENUE, DATA, OR GOODWILL, ARISING OUT OF OR RELATING TO THE SOFTWARE OR THIS AGREEMENT, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. LICENSOR'S TOTAL AGGREGATE LIABILITY ARISING OUT OF OR RELATING TO THIS AGREEMENT SHALL NOT EXCEED THE FEES PAID BY YOU FOR THE SOFTWARE DURING THE [TWELVE (12)] MONTHS PRECEDING THE EVENT GIVING RISE TO THE CLAIM. NOTHING IN THIS AGREEMENT EXCLUDES LIABILITY THAT CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

10. Indemnification

You agree to defend, indemnify, and hold harmless Licensor from and against any third-party claims, damages, and expenses arising out of your inputs, your configuration or model choices, your deployment, or your use of the Software or any Output in violation of this Agreement or applicable law.

11. Confidentiality

Each party shall protect the other party's non-public information disclosed in connection with this Agreement with reasonable care and use it only to perform under this Agreement. The Software runs in your own AWS environment; Licensor does not receive your inputs or Outputs in the ordinary course of operation.

12. Term and Termination

This Agreement is effective for the duration of your Order. Licensor may terminate this Agreement if you materially breach it and do not cure the breach within thirty (30) days of notice. Upon termination or expiry, your license ends and you must cease using and remove the Software. Sections 6 through 10, 13, and 14 survive termination.

13. Compliance with Laws and Export

You shall comply with all applicable laws and regulations in your use of the Software, including export control, sanctions, data-protection, and sector-specific requirements. If you deploy the Software for a use classified as high-risk under applicable AI regulation, you assume the corresponding provider or deployer obligations.

14. Governing Law and Dispute Resolution

This Agreement is governed by the laws of [Governing law jurisdiction], without regard to conflict-of-laws rules. The parties submit to the exclusive jurisdiction of the courts located in [Venue], except that either party may seek injunctive relief in any court of competent jurisdiction. [If arbitration is preferred, replace this section with an arbitration clause specifying the seat, rules, and language.]

15. General

This Agreement, together with the applicable Order and Marketplace terms, is the entire agreement between the parties regarding the Software and supersedes prior discussions. If any provision is held

unenforceable, the remaining provisions remain in effect. You may not assign this Agreement without Licensors's consent; Licensors may assign it in connection with a merger, acquisition, or sale of assets. Failure to enforce a provision is not a waiver. Notices to Licensors may be sent to contact@klastrovanie.com.
