

Evaluation Terms

This evaluation license agreement ("**AGREEMENT**") is a legal agreement between your company ("**LICENSEE**") and Elektrobot Automotive GmbH, an entity incorporated under the laws of Germany ("**ELEKTROBIT**"). ELEKTROBIT is the owner of or has acquired rights to the software defined in the ANNEX ("**LICENSED SOFTWARE**" as defined in the "**ANNEX**" below). To enable LICENSEE to use the LICENSED SOFTWARE for the purpose defined in the ANNEX ("**PURPOSE**"), subject to the terms and conditions set forth below, ELEKTROBIT is willing to grant a limited license to LICENSEE for the LICENSED SOFTWARE.

By downloading, installing, copying, or otherwise using the LICENSED SOFTWARE, LICENSEE (or you on behalf of LICENSEE) agrees to be bound by the terms of this AGREEMENT between ELEKTROBIT and LICENSEE (the "PARTIES"). If you do not agree or if you are not authorized to agree on behalf of your company, do not download, install, copy, or use the LICENSED SOFTWARE. The LICENSED SOFTWARE is protected by copyright and other intellectual property laws and is licensed, not sold. If you do not agree or if you are not authorized to agree on behalf of your company, you will not have a license, and you may not use the LICENSED SOFTWARE.

1. LICENSE GRANT

1.1 Evaluation License. Subject to the terms and provisions of this AGREEMENT, ELEKTROBIT grants to LICENSEE a personal, non-exclusive, non-sublicensable and non-transferable right to use the LICENSED SOFTWARE, for internal evaluation and demonstration purposes only, as further defined in the ANNEX ("**LICENSE**"). The LICENSE is restricted to term stated in the ANNEX ("**EVALUATION PERIOD**"). To the extent that the ANNEX refers to additional terms for the LICENSED SOFTWARE or parts thereof, those additional terms are thereby incorporated and prevail over the terms of this AGREEMENT. The LICENSE is restricted and limited to the use on the testing system and/or target system stated in the ANNEX.

Unless explicitly stated otherwise in the ANNEX, the LICENSEE is limited to the object code format only. ELEKTROBIT will not provide any source code. Unless explicitly stated otherwise in the ANNEX, LICENSEE is expressly not entitled to (i) grant sub-licenses or (ii) distribute LICENSED SOFTWARE. LICENSEE may use the LICENSED SOFTWARE for demonstration purposes, provided that the demonstration copy of the LICENSED SOFTWARE remains on the provided cloud-provider's infrastructure. LICENSEE is not entitled to download and operate the LICENSED SOFTWARE on own hardware nor grant access to the AWS account to any third party. LICENSEE is not entitled to alter ELEKTROBIT's logo, name or copyright notations or brands.

1.2 Open-Source Components. The PARTIES acknowledge that the LICENSED SOFTWARE may contain open-source components. For the avoidance of doubt, all utilization of open-source components is governed by the applicable open-source licenses.

1.3 No Reverse Engineering; Restrictions. Except as permitted in this **Section 1 (Grant of Rights)**, the ANNEX, or as required by the applicable mandatory law, LICENSEE shall not (i) allow others to use or access the LICENSED SOFTWARE; (ii) modify, reverse engineer, decompile, disassemble (except to the extent that this restriction is expressly prohibited or limited by applicable law) the LICENSED SOFTWARE or create derivative works of any of them; (iii) rent, lease, loan or otherwise transfer rights in the LICENSED SOFTWARE; (iv) disclose or make available the LICENSED SOFTWARE to any third party; (v) remove or obscure any notices or markings that are specified by law and that are affixed on or incorporated in the LICENSED SOFTWARE; (vi) combine or link or otherwise use LICENSED SOFTWARE with open source components without ELEKTROBIT's prior written approval.

Under no circumstances will the LICENSED SOFTWARE and any of its related materials, disclosures, or information be used by LICENSEE for the purpose of competing with ELEKTROBIT, and doing so constitutes a material breach of this AGREEMENT.

ELEKTROBIT has the right, at its own expense, to make

reasonable audits, not more than once per calendar year, at during regular business hours to verify compliance with this AGREEMENT upon not less than 5 days' prior written notice; provided that such audits shall not unreasonably interfere with LICENSEE's business and that ELEKTROBIT complies with any reasonable procedures of LICENSEE while attending at any LICENSEE site.

1.4 Reservation; Licensor Ownership. Except for the express grants under **Section 1 (Grant of Rights)**, no other rights or licenses in the LICENSED SOFTWARE are granted or conveyed to LICENSEE whether by implication, estoppel, or otherwise. All rights, title and interest in the LICENSED SOFTWARE shall remain with ELEKTROBIT or its licensors.

1.5 Non-Assertion. LICENSEE hereby covenants and agrees not to bring suit or otherwise assert a claim based on intellectual property rights resulting from LICENSEE's access or use of the LICENSED SOFTWARE or derivative works thereof against ELEKTROBIT (and ELEKTROBIT's affiliates) and/or ELEKTROBIT's licensees and their respective customers based on or arising out of ELEKTROBIT's and/or ELEKTROBIT's licensees' and their respective customers' enhancement, further development, reproduction, use, distribution, licensing or other disposing of the LICENSED SOFTWARE.

1.6 Upstream Indemnity. LICENSEE shall defend, indemnify and hold ELEKTROBIT and its affiliates and the employees, officers and directors thereof ("**ELEKTROBIT INDEMNITEES**") free and harmless from and against any and all claims, losses, liabilities, costs, damages and expenses (including reasonable attorneys' fees and expenses) suffered or sustained by, or asserted against, any ELEKTROBIT INDEMNITEE arising out of or relating to the misuse of the LICENSED SOFTWARE.

2. FEES

The use of the SOFTWARE within the limits of this AGREEMENT is free of charge.

3. WARRANTY AND LIABILITY

3.1 Support. ELEKTROBIT has no duty of reasonable care and is not obligated to (and will not) provide technical support for the LICENSED SOFTWARE.

3.2 Warranty. THE LICENSED SOFTWARE IS PROVIDED "AS IS", WITH NO WARRANTIES. THIS MEANS NO EXPRESS, IMPLIED OR STATUTORY WARRANTY, INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ANY WARRANTY AGAINST INTERFERENCE WITH YOUR ENJOYMENT OF THE LICENSED SOFTWARE OR ANY WARRANTY OF TITLE OR NON-INFRINGEMENT. THERE IS NO WARRANTY THAT THIS LICENSED SOFTWARE WILL FULFILL ANY OF LICENSEE'S PARTICULAR PURPOSES OR NEEDS. LICENSEE BEARS THE ENTIRE RISK FOR THE QUALITY AND PERFORMANCE OF THE LICENSED SOFTWARE. SHOULD THE LICENSED

SOFTWARE PROVE TO BE DEFECTIVE, LICENSEE SHALL ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIRS OR CORRECTION. ELEKTROBIT WILL HAVE NO RESPONSIBILITY FOR, AND MAKES NO REPRESENTATIONS AND WARRANTIES REGARDING, (A) ANY THIRD-PARTY MATERIAL OR LICENSEE'S USE OF SUCH THIRD-PARTY MATERIAL.

3.3 Liability. IN NO EVENT SHALL ELEKTROBIT, ITS AFFILIATES, ITS LICENSORS OR SUPPLIERS BE LIABLE FOR ANY DAMAGES, INCLUDING DIRECT, INDIRECT, SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES, RELATED TO OR ARISING OUT OF THE USE OF THE LICENSED SOFTWARE OR INABILITY TO USE THE LICENSED SOFTWARE (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY LICENSEE OR THIRD PARTIES OR A FAILURE OF THE LICENSED SOFTWARE TO OPERATE WITH ANY OTHER SOFTWARE), TO THE MAXIMUM EXTENT THE LAW PERMITS, NO MATTER WHAT LEGAL THEORY IT IS BASED ON AND WHATEVER THE CAUSE THEREOF, EVEN IF ELEKTROBIT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSSES OR DAMAGES.

3.4 Exception. The limitation of liability shall not apply to the extent that damages were due to intent, or to damages to life, body or health, or under the German Product Liability Act. The limitation of liability shall not apply to infringements of material contractual duties such as, for instance, those duties and obligations the contract is deemed to impose upon ELEKTROBIT according to its spirit and purpose and the very fulfilment of which is deemed to be necessary for due and careful completion of the contract and may with good reason be permanently relied on by LICENSEE. If the disclaimer of warranty and limitation of liability provided above under this **Section 0** cannot be given local legal effect according to their terms, reviewing courts shall apply local law that most closely approximates an absolute waiver of all civil liability in connection with the LICENSED SOFTWARE. The court should consider that this limitation of relief is a part of the bargain between the parties, in particular that the LICENSED SOFTWARE is provided for a specific purpose and subject to restrictions and responsibilities of the LICENSEE as further specified in the ANNEX. If, notwithstanding any other provisions of this AGREEMENT, ELEKTROBIT is found to be liable to you for any damage or loss that arises out of or is in any way connected to your use of the LICENSED SOFTWARE, ELEKTROBIT's entire liability for direct damages under this AGREEMENT shall be limited to thousand euros (EUR 1,000.00) or the FEE, whichever is lower.

4. CONFIDENTIALITY

4.1 Protection of Licensed Software. All information, data, drawings, specifications, documentation, software listings, source and object code (other than open source) which ELEKTROBIT may have imparted and may impart to LICENSEE relating to the LICENSED SOFTWARE, including the LICENSED SOFTWARE, is proprietary and confidential. LICENSEE hereby agrees that it shall use the same solely in accordance with the provisions of this AGREEMENT and that it shall not at any time during or after expiry or termination of this AGREEMENT, disclose the same, whether directly or indirectly, to any third party without ELEKTROBIT's prior written consent. LICENSEE agrees to hold the LICENSED SOFTWARE in confidence and trust. LICENSEE agrees to take reasonable steps to protect the LICENSED SOFTWARE and any access from misappropriation or misuse. "**DERIVATIVES**" shall mean: (a) for copyrightable or copyrighted material, any translation, abridgment, revision or other form in which an existing work may be recast, transformed or adapted; (b) for patentable or patented material, any improvement thereon; and (c) for material that is protected by trade secret, any new material derived from the existing trade secret material, including new material which may be protected under copyright, patent and/or trade secret laws.

4.2 Confidential Information. LICENSEE agrees not to disclose any (source) code of the LICENSED SOFTWARE (if provided to LICENSEE) or any DERIVATIVES, as well as any trade secrets or confidential information transferred to LICENSEE by ELEKTROBIT. LICENSEE agrees to use reasonable care, but in no event less than the same degree of care that it uses to protect its own confidential information and proprietary information of similar importance, to prevent the unauthorized use, disclosure, publication or dissemination of confidential information.

4.3 Precedence. In the event of a conflict between the terms of this Section 4 and any other confidentiality or non-disclosure agreement between the PARTIES, the terms such other confidentiality or non-disclosure shall take precedence. All other conditions of this AGREEMENT shall take precedence over any other confidentiality agreement between the PARTIES. Nevertheless, the obligations of this Section 4 shall continue even if such other confidentiality or non-disclosure agreement terminates for whatever reason.

5. TERMINATION

5.1 Termination. The LICENSE granted under **Section 1** is subject to LICENSEE's full acceptance of this AGREEMENT. This AGREEMENT may be terminated by ELEKTROBIT at any time without cause, or otherwise automatically with expiration of the TERM.

5.2 Breach of Contract. The LICENSE is subject to LICENSEE's full acceptance of this AGREEMENT. If LICENSEE breaches this AGREEMENT or if LICENSEE sues anyone over patents, that LICENSEE considers applying to or reading on the LICENSED SOFTWARE or anyone's use of the LICENSED SOFTWARE, this AGREEMENT (and LICENSEE's license and rights obtained herein) shall terminate automatically.

5.3 Effect of Termination. Upon termination, LICENSEE shall cease any use of the LICENSED SOFTWARE, and if so requested, promptly return to ELEKTROBIT, or certify destruction of, all full or partial copies of the LICENSED SOFTWARE provided by ELEKTROBIT.

6. MISCELLANEOUS

6.1 Feedback. ELEKTROBIT welcomes suggestions, comments or other feedback about the LICENSED SOFTWARE, as well as any bug-fixes, features, functionality or enhancements that LICENSEE would like to see in future versions ("**FEEDBACK**"). LICENSEE agrees that all FEEDBACK is and will be given entirely voluntarily and, even if designated as confidential, will not create any confidentiality obligations for ELEKTROBIT. FEEDBACK represent and warrant that LICENSEE will not provide any FEEDBACK that LICENSEE knows or has reason to believe might infringe any third party intellectual property rights or misappropriate any third party confidential information or trade secrets. Except as expressly stated above, any FEEDBACK provided will be considered to be provided "as is" without any warranty or condition of any kind, whether express or implied. If LICENSEE require ELEKTROBIT to enter into an intellectual property license to use any FEEDBACK then, either at the time of providing the FEEDBACK or within ten (10) business days thereafter, LICENSEE will notify the person to whom the FEEDBACK is provided and the ELEKTROBIT legal department. In the absence of such notification LICENSEE hereby grant to ELEKTROBIT a worldwide, non-exclusive, perpetual, irrevocable, directly and indirectly sub-licensable, paid up and royalty free right and license to exploit the FEEDBACK in any manner and for any purpose including without limitation to make (or have made), develop (or have developed), modify (or have modified), reproduce (or have reproduced), use (or have used), import or export (or have imported or exported), offer for sale or sell (or have offered for sale or have sold), license (or authorize others to license) and distribute or otherwise dispose of (directly and indirectly) as part of any of ELEKTROBIT's or its affiliates'

business, technology, products or services, and to grant others the right to do any of the foregoing.

6.2 No Assignments. The AGREEMENT may not be assigned or transferred by you without prior written consent from ELEKTROBIT.

6.3 Transfer of Licenses. LICENSEE is not entitled to transfer the LICENSES. In exceptional cases, e.g. if the transferee is an affiliate of the LICENSEE, ELEKTROBIT may agree to a transfer, if the transferee accepts the terms of this AGREEMENT.

6.4 Export Control. The PARTIES agree to comply with all applicable laws and regulations affecting the distribution and use of the LICENSED SOFTWARE and are responsible for identifying and understanding their respective responsibilities with respect to any laws and regulations governing the export, re-export, import, transfer, distribution, or use applicable to the LICENSED SOFTWARE, including but not limited to those of the Europe Union and the U.S., and to obtain any necessary license or other documentation prior to such export, re-export, import, transfer, distribution, or use of the LICENSED SOFTWARE. Upon request, each PARTY shall provide the other PARTY with all of the documents it has or can reasonably obtain for a license application (including the applicable ECCN) and designate a person to contact in the event of any queries. If there are any delays in obtaining any required import/export licenses and/or permits required to license the LICENSED SOFTWARE, ELEKTROBIT shall be entitled to postpone the delivery of the LICENSED SOFTWARE by a period equivalent to such delay.

6.5 Non-Waiver. No failure to exercise nor delay in exercising by either PARTY to the AGREEMENT of any right, power, privilege or remedy under the AGREEMENT shall impair or operate as a waiver of such right, power, privilege or remedy.

6.6 Law and Jurisdiction. The AGREEMENT shall be governed by, construed and interpreted in accordance with the German law, excluding its rules for choice of law and the United Nations Convention on Contracts for the International Sale of Goods. Any disputes arising out of or in connection with this AGREEMENT shall be finally settled in arbitration conducted under the Arbitration Rules of the International Chamber of Commerce (ICC), by one arbitrator appointed in accordance with the said Rules. The place of arbitration shall be Frankfurt, Germany and the language to be used in such proceedings shall be English or – if the PARTIES choose - German. The award shall be final and binding upon the parties and enforceable in any court of competent jurisdiction. Nothing in this contract shall be deemed to limit the right to seek interim injunctive relief or to enforce an arbitration award in any court of law.

6.7 Severability. If any provision of the AGREEMENT shall be held to be illegal, void, invalid or unenforceable under the laws of any jurisdiction, the legality, validity and enforceability of the remainder of the AGREEMENT in that jurisdiction shall not be affected, and the legality, validity and enforceability of the whole of the AGREEMENT shall not be affected in any other jurisdiction. Any provision that is held to be illegal, void, invalid or unenforceable will be replaced by a provision that most closely carries out the intention of such provision but that is legal, valid enforceable

THESE LICENSE TERMS ARE EFFECTIVE WITH YOUR IMPLICIT ACCEPTANCE OF THIS AGREEMENT (AS STATED IN THE PREAMBLE). IT IS NOT NECESSARY TO SIGN THE LICENSE TERMS. YOUR ACCEPTANCE IS EXPRESSED BY THE USE OF THE USE OF THE Licensed Software. IF YOU DO NOT AGREE OR IF YOU ARE NOT AUTHORIZED TO AGREE ON BEHALF OF YOUR COMPANY, DO NOT DOWNLOAD, INSTALL, COPY, OR USE THE Licensed Software.

Annex

1. LICENSED MATERIAL

LICENSED SOFTWARE: Virtual IVI development for Android on Cloud or Server, incl. source, tools, toolchain, python scripts etc.

PURPOSE: The use of the LICENSED SOFTWARE is solely limited for the purpose of testing, evaluating and/or validating the LICENSED SOFTWARE in the cloud provider's environment. The use of the LICENSED SOFTWARE for any other purpose is prohibited.

TERM: unlimited, until terminated in accordance with the AGREEMENT.

2. ADDITIONAL TERMS

Additional Restrictions: Under this AGREEMENT, it is expressly not permitted

- i. to use the LICENSED SOFTWARE for any commercial, productive and/or external research purposes;
- ii. to show all or any part of the LICENSED SOFTWARE to any competitor of LICENSED SOFTWARE;
- iii. to attempt to remove or circumvent the software protection system that is contained in the LICENSED SOFTWARE;
- iv. to incorporate the LICENSED SOFTWARE in or merge them with any other software, except as necessary to carry out the PURPOSE as stated above;
- v. to download, copy, distribute, or share any portion of the LICENSED SOFTWARE, including any associated source code, made visible or accessible within the Cloud Service Provider (like On-Premise, Amazon Web Services (AWS) and/or Google Cloud (GCP)) environment, or otherwise recreate, modify, decompile, disassemble, or reverse-engineer any part of the LICENSED SOFTWARE or attempt to derive the underlying source code or structure of the LICENSED SOFTWARE, in whole or in part.
- vi. to share, distribute, or otherwise make available access credentials or authorization to any third party, individual, or entity outside of the specified Cloud Service Provider account ID designated by ELEKTROBIT to LICENSEE (like On-Premise, Amazon Web Services (AWS) and/or Google Cloud (GCP)); and/or
- vii. conduct any benchmark testing or comparative analysis of the LICENSED SOFTWARE against any competing products, without the prior written consent of ELEKTROBIT. LICENSEE acknowledges that any unauthorized benchmarking, whether disclosed publicly or not, constitutes a material breach of this Agreement and may result in immediate termination of the LICENSE to use the LICENSED SOFTWARE for evaluation purposes.

Additional Restrictions: LICENSEE agrees that it shall not publish, disclose, or otherwise make available to any third party any results, reports, or information derived from the evaluation or use of the LICENSED SOFTWARE, including but not limited to performance data, functionality analysis, or feature assessments, without the prior written consent of ELEKTROBIT.
