

END-USER LICENSE AGREEMENT

Welcome to our product. Before using our product, please read this user agreement carefully. By using our product, you agree to the following terms and conditions:

1. Usage Restrictions:

This product is solely intended for enterprises and regions that have obtained a valid license. It cannot be sold, resold, rented, or transferred. When utilizing this product for data collection, analysis, and marketing purposes, you must adhere to the laws and regulations of each country and region. It is strictly prohibited to utilize this product for any illegal activities or in any manner that infringes on the rights of others. Additionally, you are not allowed to utilize this product to store or transmit any materials that infringe on the rights of others, damage their reputation, are illegal, or endanger them. Furthermore, it is prohibited to store or transmit any materials that infringe on the privacy of third parties. Additionally, it is prohibited to utilize the application software provided by us to store or transmit malicious code. Any attempt to interfere with or damage the integrity or performance of the application software provided by us or the third-party application software and data involved is strictly prohibited. Additionally, it is strictly prohibited to utilize this product for any applications related

to pornography, violence, terrorism, or racial discrimination.

2. Language Support:

This product supports multiple language support, but we cannot guarantee the accuracy of product feature descriptions in different language versions. If there are inaccuracies in the product feature descriptions in different language versions, you can inform us through the contact information on our official website, and we will promptly help you correct the language expression of product functions.

3. Intellectual Property:

The software, programs, source code, and platform included in this product belong to SensorsData Co., Ltd., and are protected by copyright, trademark, patent, and other intellectual property laws. Without our explicit authorization, you are not allowed to copy or imitate our application software, or conduct reverse engineering, decompile, disassemble, or any other attempt to obtain source code of our software products. You are not allowed to modify, upgrade, transform, or develop other new software or technologies based on our product software and its technology.

4. Privacy Protection:

We will strictly protect your enterprise and personal information and will not disclose, sell, or transfer it to any third

party. However, we may collect, use, and store some non-personal identity information such as service status, hardware environment, system performance, and security to better ensure your normal use of our products and services. You can learn more detailed information in our privacy policy. At the same time, we may use your Logo for commercial promotion activities.

5. Data Security:

When using this product, you should comply with all applicable national or regional laws, regulations, directives, and policies related to data security and personal information protection. You should take sufficient measures to protect all personal information data obtained or processed through the service. If you use this product to collect, use, entrust processing or provide personal information, you should ensure that you have fully explained the purpose to the data subject and have obtained their authorization consent in a valid way recognized by laws and regulations with traceability. You should retain reasonable evidence of the occurrence of the authorization to prove that the authorization has occurred afterward. At the same time, we cannot control your use of our products within the scope of use. Therefore, you should ensure that we are not subject to any losses caused by the data security issues.

6. Confidentiality Obligation:

During your use of the product, you must not provide our products, technologies, services, service prices, preferential policies, and relevant information (including but not limited to data, product documents, SDKs) to any third party in any form. At the same time, we hope that you will work with us to protect each other's business secrets and not disclose them to any third party in any form. We require that employees who have access to confidential information strictly comply with this confidentiality obligation.

7. Disclaimer:

This product is a tool for enterprise data collection, analysis, and marketing. We do not make any express or implied warranties for the results of data collection, analysis, and marketing through this product. We will not be responsible for any direct, indirect, incidental, special or consequential losses or damages caused by using this product. We reserve the right to modify, suspend or terminate this product at any time.

8. Applicable Law and Jurisdiction:

This product is only subject to the laws and regulations of the People's Republic of China and shall be interpreted by the laws and regulations of the People's Republic of China. Any disputes

arising from the use of this product shall be submitted to the people's court at the place where the product is located for resolution.

If you have any questions about this user agreement, please contact our customer service department.
