1.1. DocsConverter License

Hancom Inc. or subject developer reserves the copyrights and intellectual property rights for all programs and adjuncts included in DocsConverter. These rights are protected by the Copyright Act of Korea and international copyright treaties. You may not alter, modify or reproduce the included data files or documents without the prior written consent of Hancom Inc. Hancom Inc. does not guarantee fitness of the functions included in the Software to the user's particular requirements or needs, and is not liable for any and all outcomes derived from the use of the Software.

All programs, data files, information booklets and content of the documents included in DocsConverter are protected by the Copyright Act of Korea and international copyright treaties. All programs, data and documents included in DocsConverter may not be resold after modifications or alternations for any purpose.

1.2. Font Types and Copyright Holders

Fonts included in DocsConverter are copyright-protected and may only be used in conjunction with this product as per agreements between Hancom Inc. and the font copyright holders. Hancom Inc. shall not be held liable against claims arising from violations thereof. Please inquire directly with the concerned copyright holder if you intend to use copyrighted fonts with other products.

More information regarding license of the fonts, or if you intend to distribute a converted PDF document that embeds copyrighted fonts, please inquire directly with the concerned copyright holders. To see the types of fonts included in DocsConverter and the respective copyright holders, refer to the font table shown below.

Types of fonts included in DocsConverter and copyright holders

DocsConverter uses Image Stream Graphic Filter (1991-1996) under a licensing agreement with Inso Kansas City Corporation.

DocsConverter includes encryption software created by Eric Young (eay@cryptsoft.com).

DocsConverter includes software created by Tim Hudson (tjh@cryptsoft.com).

Jean-loup Gailly reserves the ownership rights to DocsConverter's compression routine.

1.4. Customer Support and Product Info

Hancom Inc. provides customer and technical support services through online consultation. To receive technical consultation from our professional engineers by telephone or fax, register your product. State or include your customer number when making inquiries through online.

Online Service

You may visit the Hancom website and view FAQs, usage tips, technical information, and latest consultations if you have registered your product.

1. Visit the Hancom website (www.hancom.com) and sign in.
2. Enter your system specifications and a detailed description of the problem (attach file if available) and click [Submit] to help the engineers identify the problem quickly and accurately.
3. A response to your inquiry will be sent to the email address registered when you signed up for the Hancom website.

Product Info

DocsConverter is a server solution developed by Hancom Inc. to convert various types of documents into other formats. Therefore, duplication and distribution part or whole of the solution is illegal.

- Version Info: DocsConverter 7.0
