

Tenable Software License Agreements

The following are the current Tenable license and services agreements. One or more will apply depending upon the products or services you are purchasing from Tenable.

- [Tenable Master Agreement](#)
 - This governs all Tenable products (including Tenable One, Tenable.io, Tenable.sc, and Nessus) and services.
- [Tenable Master Agreement Schedule D: Hardware](#)
 - This document applies if you purchase hardware from Tenable.
- [Tenable Data Processing Addendum](#)
 - This document applies if Tenable is processing personal data/personal information (as defined by applicable privacy regulation(s), e.g., the GDPR and CCPA) on your behalf.
- [Tenable Technical and Organizational Measures](#)
 - This summarizes the technical and organizational measures implemented by Tenable to safeguard customer data.
- [Tenable 3rd Party License Declarations](#)
 - This applies to all products since all Tenable products include some third party software, some of which include license provisions that must be passed on to the end user
- [Technical Support Plans](#)
 - This outlines Technical Support plans
- [Service Level Agreement](#)

- This outlines the Tenable service level commitment for cloud services (e.g. Tenable.io)
- Services Briefs / Professional Services Prepackaged Specifications
 - The following documents contain specifications describing the scope of work to be completed for prepackaged Professional Services offerings
 - [Cyber Exposure Workshop](#)
 - [Quick Start Onboard for Tenable Vulnerability Management \(formerly Tenable.io\)](#)
 - [Quick Start Deploy for Tenable Security Center \(formerly Tenable.sc\)](#)
 - [Quick Start Deploy for Tenable Vulnerability Management \(formerly Tenable.io\)](#)
 - [Quick Start Adopt for Tenable Security Center \(formerly Tenable.sc\)](#)
 - [Quick Start Adopt for Tenable Vulnerability Management \(formerly Tenable.io\)](#)
 - [Quick Start Optimize for Tenable Security Center \(formerly Tenable.sc\)](#)
 - [Quick Start Optimize for Tenable Vulnerability Management \(formerly Tenable.io\)](#)
 - [Quick Start Deploy for Tenable Identity Exposure \(formerly Tenable.ad\)](#)
 - [Quick Start Remote for Tenable Cloud Security \(formerly Tenable.cs\)](#)
 - [QuickStart for Tenable OT Security \(formerly Tenable.ot\)](#)
 - [Quick Start for Tenable Web App Scanning \(formerly Tenable.io Web Application Scanning \[WAS\]\)](#)
 - [Tenable Vulnerability Management \(formerly Tenable.io\)/Tenable Security Center \(formerly Tenable.sc\) Health Check](#)
 - [Tenable OT Security \(formerly Tenable.ot\) Health Check](#)
 - [Tenable One Design & Architecture Workshop](#)

Please contact sales@tenable.com if you have any questions

regarding which agreement is applicable to your transaction(s).
