

## End-User License Agreement (EULA) of anynode

- [anynode/](#)
- End-User License Agreement (EULA) of anynode

This End-User License Agreement ("EULA") is a legal agreement between you and TE-SYSTEMS.

This EULA agreement governs your acquisition and use of our anynode software SBC ("Software") directly from TE-SYSTEMS or indirectly through a TE-SYSTEMS authorized reseller or distributor (a "Reseller").

Please read this EULA agreement carefully before completing the installation process and using the anynode software. It provides a license to use the anynode software and contains warranty information and liability disclaimers.

If you register for a free trial of the anynode software, this EULA agreement will also govern that trial. By clicking "I agree to the license terms and conditions" or installing and/or using the anynode software, you are confirming your acceptance of the Software and agreeing to become bound by the terms of this EULA agreement.

If you are entering into this EULA agreement on behalf of a company or other legal entity, you represent that you have the authority to bind such entity and its affiliates to these terms and conditions. If you do not have such authority or if you do not agree with the terms and conditions of this EULA agreement, do not install or use the Software, and you must not accept this EULA agreement.

This EULA agreement shall apply only to the Software supplied by TE-SYSTEMS herewith regardless of whether other software is referred to or described herein. The terms also apply to any TE-SYSTEMS updates, supplements, Internet-based services, and support services for the Software, unless other terms accompany those items on delivery. If so, those terms apply.

## License Grant

TE-SYSTEMS hereby grants you a personal, non-transferable, non-exclusive license to use the anynode software on your devices in accordance with the terms of this EULA agreement.

You are permitted to load the anynode software (for example a PC, laptop, mobile or tablet) under your control. You are responsible for ensuring your device meets the minimum requirements of the anynode software.

You are not permitted to:

- Edit, alter, modify, adapt, translate or otherwise change the whole or any part of the Software nor permit the whole or any part of the Software to be combined with or become incorporated in any other software, nor decompile, disassemble or reverse engineer the Software or attempt to do any such things
- Reproduce, copy, distribute, resell or otherwise use the Software for any commercial purpose
- Allow any third party to use the Software on behalf of or for the benefit of any third party
- Use the Software in any way which breaches any applicable local, national or international law
- use the Software for any purpose that TE-SYSTEMS considers is a breach of this EULA agreement

## Intellectual Property and Ownership

TE-SYSTEMS shall at all times retain ownership of the Software as originally downloaded by you and all subsequent downloads of the Software by you. The Software (and the copyright, and other intellectual property rights of

whatever nature in the Software, including any modifications made thereto) are and shall remain the property of TE-SYSTEMS.

TE-SYSTEMS reserves the right to grant licenses to use the Software to third parties.

## Termination

This EULA agreement is effective from the date you first use the Software and shall continue until terminated. You may terminate it at any time upon written notice to TE-SYSTEMS.

It will also terminate immediately if you fail to comply with any term of this EULA agreement. Upon such termination, the licenses granted by this EULA agreement will immediately terminate and you agree to stop all access and use of the Software. The provisions that by their nature continue and survive will survive any termination of this EULA agreement.

## Governing Law

This EULA agreement, and any dispute arising out of or in connection with this EULA agreement, shall be governed by and construed in accordance with the laws of us.

## Trademarks

All names of products or services used are trademarks or registered trademarks (also without specified indication) of the respective private or legal persons and are therefore subject to legal regulations.
