

CUSTOMER AGREEMENT

(STANDARD TWINGATE CONTRACT FOR AWS MARKETPLACE)

Version Date: April 22, 2024

By subscribing to any product or service sold by Twingate on the AWS Marketplace (“**Twingate MP Services**”), you agree to the Customer Agreement located at <https://www.twingate.com/terms> and the Marketplace Addendum incorporated therein by reference.

If you are entering into the Customer Agreement on behalf of a company (such as your employer) or other legal entity, you represent and warrant that you are authorized to bind that entity to the Customer Agreement, in which case “you,” or “your” will refer to that entity (otherwise, such terms refer to you as an individual). If you do not have authority to bind your entity or do not agree with any provision of the Customer Agreement, you are not permitted to subscribe to and may not use the Twingate MP Services.

If you have negotiated and agreed a separate agreement for the use of Twingate MP Services that has not terminated, then such separate agreement will continue to govern your use of such Twingate MP Services on the AWS Marketplace.
