You will not use the Software or CSP Services in a way intended to avoid incurring fees or exceeding the limitations agreed to in an Order. For example, you will not access or use the Software for (a) more than one trial period, (b) more than any query concurrency limit, or (c) more than any node limit. Except as required to access and use the Software on the CSP Services, you will not copy the Software. You will not modify the Software or create derivative works based on the Software. You will not license, sublicense, sell, resell, loan, rent, lease, transfer, assign, or distribute the Software. Notwithstanding anything to the contrary, you do not have any license, right, or authority to subject the Software, in whole or in part or as part of a larger work, to any terms of any other license agreement, including GNU Public Licenses.

1.5 Open Source. Access to certain open source software is subject to applicable open source license terms. Nothing in this Agreement shall limit or otherwise affect your rights or obligations, or conditions to

which you may be subject, under such open source license terms.

1.6 Reservation of Rights. The Software, including all full and partial copies thereof, is and remains the exclusive property of Teradata and its licensors. Except for the access and use rights expressly set forth in this Agreement, no license or other rights in or to the Software or Teradata's and its licensor's intellectual property rights therein, are granted to you, and all such licenses and rights are expressly reserved. You will ensure that all copies of the Software contain Teradata's and its licensors' copyright notices and all other proprietary legends.

2. Responsibilities

2.1 You will comply with the CSP Terms and Policies and are responsible for such compliance by you and your Users. You are responsible for installation, configuration, and secure operation of, as well as secure connectivity to, the Software and CSP Services. You are responsible for population, maintenance, security, protection, loss prevention, and backup of your data and other content. You will ensure that your data and other content is free of all viruses and comparable elements which could harm the systems or software used on the CSP Services, including the Software. You will ensure that you collect, maintain and handle all data in compliance with all applicable data privacy and protection laws, rules and regulations. Notwithstanding any assistance or consulting that Teradata may provide you with respect to the CSP Services, Teradata is not responsible for any aspect of the CSP Services, including its availability, reliability, security, and privacy.

2.2 You are responsible for monitoring your access to, and use of, the Software on CSP Services, including payment of all fees and/or taxes related to such access and use. If your access to the Software is Trial Access, you are still responsible to pay for the CSP Services during the trial period. You agree that Teradata is permitted to request and you hereby consent to Teradata receiving information from CSP related to your use of the Software for auditing purposes.

2.3 To the full extent permitted by applicable law, you will defend Teradata, its affiliates and its licensors, and each of their respective employees, officers, directors, and representatives against any third-party claim, demand, suit, or proceeding (each, a "Claim Against Teradata") alleging that: (a) any of your data or content uploaded to, or used with, the Software or CSP Services infringes or misappropriates such third party's intellectual property rights; (b) you or any User has breached this Agreement, the Order, the CSP Terms and Policies, or applicable law; or (c) you or any User has used the Software for High Risk Activities. You will indemnify and hold harmless Teradata, its affiliates and its licensors from any damages, attorney fees, and costs finally awarded against them as a result of, or paid by them under a settlement approved by you in writing of, a Claim Against Teradata. Teradata must promptly give you written notice of the Claim Against Teradata; give you sole control of the defense and settlement (except that you may not settle any Claim Against Teradata unless it unconditionally releases Teradata of all liability); and provide reasonable assistance, at your expense. "High Risk Activities" means activities where the failure of the Software could lead to death, serious

personal injury, or severe environmental or property damage.

2.4 Teradata IP Indemnification (Paid Access Only). For Paid Access, Teradata will defend you against any third-party claim, demand, suit, or proceeding made or brought against you alleging that the Software, as provided by Teradata and used by you in accordance with this Agreement, infringes or misappropriates such third party's intellectual property rights (a "Claim Against You"), and will indemnify and hold you harmless from any damages, attorney fees, and costs finally awarded against you as a result of, or for amounts paid by you under a settlement approved by Teradata in writing of, a Claim Against You. You must promptly give Teradata written notice of the Claim Against You; give Teradata sole control of the defense and settlement (except that Teradata may not settle any Claim Against You unless it unconditionally releases you of all liability); and give Teradata all reasonable assistance, at Teradata's expense. In handling any such claim, Teradata may, at its option and expense: (i) procure for you the right to continue using the affected Software; (ii) modify or replace the affected Software so that it becomes non-infringing; or (iii) if neither (i) nor (ii) is reasonably available, terminate your access to the affected Software and refund any unused prepaid fees for such Software. Teradata's obligations under this Section will not apply to the extent that the alleged infringement is caused by: (a) use of the Software in combination with any goods, computer code, services, data, or content not furnished by Teradata as part of the Software; (b) any modification of the Software not made by Teradata; (c) Teradata's compliance with your specific designs, specifications, or instructions; (d) use of the Software in violation of this Agreement, the Order, the CSP Terms and Policies, or applicable law; or (e) your continued use of the Software after Teradata has made a non-infringing version reasonably available or notified you to discontinue use. This Section states Teradata's sole and exclusive liability, and your sole and exclusive remedy, for any third-party intellectual property claim relating to the Software.

2.5 Third-Party Features. Teradata may, from time-to-time, make available certain third-party features, including generative artificial intelligence or machine learning functionality features, that interoperate with the Software, which you may access or use at your sole discretion ("Third-Party Features"). These Third-Party Features, as further described in the service description or other documentation made available by Teradata, are independent and separate from the Software and are governed by the applicable terms and policies of their third-party provider.

2.6 Artificial Intelligence Features. The Software may interoperate with or enable access to certain Teradata artificial intelligence-related tools, models, and/or features (each, an "AI Feature"). For additional information regarding AI Features, refer to the Supplemental Notice for Teradata AI Features: <https://www.teradata.com/legal/supplemental-notice-for-teradata-ai-features>.

2.7 Telemetry Data. Notwithstanding anything to the contrary, as applicable, Teradata shall have the right to collect and analyze data (excluding customer data) relating to the provisioning, use, and performance of the Software ("Telemetry Data") for diagnostic, support, and corrective purposes. Where the Software is offered on a consumption or

usage basis, Telemetry Data is also used to meter your usage and calculate the applicable fees.

2.8 Private Preview/Beta. If the Software, and/or any feature thereof, is made available to you for evaluation purposes pre-general availability, then the following terms will also apply: You acknowledge that such Software is experimental, has not been fully tested, and may contain errors and bugs. Teradata does not guarantee that a commercial version of the Software or that associated products will be released. Teradata will have no obligation to provide support for such pre-general availability Software. The Software is provided "AS IS," without express or implied warranties of any kind, including warranties of merchantability, fitness for a particular purpose, non-infringement, or data security. Teradata is not liable for any damages of any kind (including, without limitation, lost profits, business interruption, or loss of information) arising out of your use of, or inability to use, the Software, even if Teradata has been advised of the possibility of such damages.

3. Price and Payment

3.1 Fees. You will pay to the CSP the fees plus any applicable Taxes (as described in Section 3.2) for access to the Software and CSP Services in accordance with the Order and CSP Terms and Policies. Invoicing and collection of the fees and any applicable Taxes by the CSP is done on behalf of Teradata. Except as set forth in Section 4, the fees you pay for access to the Software are nonrefundable. In no event, will Teradata provide, or be liable for, any refund of the fees you pay for access to the CSP Services. Refunds, if any, regarding the fees you pay for access to CSP Services are solely at the CSP's discretion. You will provide, and hereby authorize CSP to provide, to Teradata any and all the information required to process an Order, including all information required for calculation of the applicable Taxes such as the correct name, location and identification number for tax purposes.

3.2 Taxes. Except to the extent expressly stated on Teradata's listing page, the fees and other charges described on Teradata's listing page and in the Order do not include federal, state or local sales, VAT, GST, use, property, excise, service, or similar taxes ("Taxes") now or hereafter levied. You will be invoiced for, and pay, all Taxes as required by applicable law. You will cooperate with Teradata and CSP by providing all information required for the calculation and invoicing of all applicable taxes. You will provide a valid tax-exemption certificate for any tax from which you claim exemption and indemnify and hold Teradata harmless for any taxes, penalties, and interest that may arise if the claimed exemptions are disallowed.

4. Term and Termination

4.1 Term. This Agreement and your access to the Software will become effective as of the date of the applicable Order and shall continue in effect thereafter in accordance with the applicable Order, unless terminated earlier under this Section 4.

4.2 Suspension and Termination by Teradata. Teradata may suspend or

terminate your right to use the Software (in whole or in part) at any time upon written notice if we determine that (a) your or a User's use of the Software (i) poses a security risk to the Software, the CSP Services, or any third party, (ii) may adversely impact the Software, the CSP Services, or any third party, (iii) may subject Teradata, our affiliates, our licensors, or any third party to liability, or (iv) may be fraudulent; (b) you are, or any User is, in breach of this Agreement, including CSP Terms and Policies; or (c) you have ceased to operate in the ordinary course, made an assignment for the benefit of creditors or similar disposition of your assets, or become the subject of any bankruptcy, reorganization, liquidation, dissolution or similar proceeding. In addition to the foregoing right, Teradata may terminate this Agreement, including the licenses herein, at any time upon written notice. You will cease use of the Software identified in such notice(s) during any period of suspension, or upon termination of this Agreement or other termination of your right to use such Software. Where termination by Teradata is solely for its own convenience and to the extent feasible, Teradata will provide you with thirty (30) days prior written notice and will refund the unused fees pre-paid by you for access to the Software for the affected time period and Software. You accept that such refund is your sole and exclusive remedy for any termination by Teradata solely for its own convenience. For any other termination or suspension by Teradata, Teradata will not provide, or be liable for, any refund. In no event will Teradata provide, or be liable for, any refund of fees paid by you for access to the CSP Services.

4.3 Suspension and Termination by the CSP. You acknowledge that the CSP Terms and Policies include rights in CSP to suspend and terminate your CSP account, which will suspend or terminate your access to, and use of, the Software. In such event, Teradata will not provide, or be liable for, any refund, including fees pre-paid by you for access to the Software.

4.4 Termination by You. You may terminate this Agreement or your use of the Software at any time without notice. Only if you terminate for a material breach by Teradata (after giving Teradata at least thirty (30) days prior written notice and an opportunity to cure such breach during such notice period), will you be entitled to receive a refund from Teradata of the applicable unused fees pre-paid by you for access to the Software (but not fees paid for access to the CSP Services). You accept that such refund is your sole and exclusive remedy for any breach by Teradata or its affiliates of this Agreement.

4.5 Your Termination Duties. Upon any expiration or termination, you will (a) remove the affected Marketplace Software and Supplemental Software from your CSP account and (b) irretrievably destroy all copies in your possession or control of the affected Client Software and of all documentation and other content related to the affected Software. Upon request, you will certify in writing that the foregoing has occurred. In the event of termination of this Agreement, the "affected Software" refers to all of the Software, documentation and other content related to this Agreement. Termination does not relieve you from your obligation to pay fees that remain unpaid.

4.6 Effect of Termination. Termination of this Agreement also terminates any agreement under which you obtained Supplemental Software or Client

Software, if such agreement was entered for the sole purpose of facilitating your use of Marketplace Software. Except as set forth in the preceding sentence, termination of this Agreement does not terminate any other agreements you have with Teradata and, to the extent you have continuing licenses to software, documentation or other content under such agreements, the obligations in Section 4.5 do not apply to such content.

4.7 Survival. All provisions which by their nature are intended to survive termination shall survive termination of this Agreement.

5. Support

5.1 For Paid Access, Teradata will make reasonable efforts to provide you with the support services expressly described in the support services description for Premier Cloud Support available at www.teradata.com/Teradata-Product-Support-Policies, as modified from time to time, subject to the conditions stated in such support service description. For Trial Access, Teradata will provide you with access to a community forum where you can submit issues to the community and may receive responses from community members, including Teradata personnel. The foregoing services for Paid Access and Trial Access are collectively and individually referred to as the "Support Services". Except for the Support Services, this Agreement does not require Teradata to provide you with any installation, training, maintenance services (including any error corrections, bug fixes, or new releases of the Software), technical assistance, consulting services, or other services of any kind (collectively and individually, "Other Services"). Other Services, if any, are provided to you at Teradata's sole discretion. The Support Services and Other Services are collectively and individually referred to as "Services".

5.2 At its sole discretion, Teradata may provide periodic updates to the Software. If available, such updates may include bug fixes, new features and/or enhancements. You are solely responsible for deploying such updates at your own risk and liability.

5.3 You agree to all terms, conditions, restrictions, and policies applicable to you as a result of you visiting Teradata support sites such as "Teradata at Your Service", including site terms of use, content terms, and service terms.

6. WARRANTY

Express Warranty (Paid Access). For Paid Access, Teradata warrants that, during your paid subscription term, the Software will substantially conform to the documentation provided by Teradata for such Software. Claims under this warranty must be made in writing detailing the nature of the breach within thirty (30) days of breach. Your exclusive remedy for breach of this warranty is as follows: Teradata will have thirty (30) days from receipt of notice to cure the breach by repairing or replacing the affected Software. If repair or replacement is not possible within such period, you may terminate your access to the affected Software by providing written notice of termination to Teradata and receive a pro-rated refund of the

prepaid fees for the affected Software (calculated from the date you provided notice of the breach). This warranty does not apply to (and the disclaimer set forth below shall apply to): (i) Trial Access; (ii) Third-Party Features or any pre-general availability or beta Software; (iii) any non-conformity caused by use of the Software not in accordance with this Agreement, the Order, the CSP Terms and Policies, or the documentation; (iv) any non-conformity caused by your or any User's configuration, environment, modifications, or third-party services; or (v) failure to install updates made available by Teradata.

EXCEPT FOR THE EXPRESS WARRANTY ABOVE, AND TO THE EXTENT PERMITTED BY LAW, THE SOFTWARE AND SERVICES ARE PROVIDED "AS IS." TERADATA AND ITS AFFILIATES AND LICENSORS MAKE NO REPRESENTATIONS OR WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE REGARDING THE SOFTWARE OR SERVICE INCLUDING ANY WARRANTY THAT THE SOFTWARE OR SERVICE WILL BE UNINTERRUPTED, AVAILABLE AT ANY PARTICULAR TIME, ERROR FREE OR FREE OF HARMFUL COMPONENTS, OR THAT ANY CONTENT IN YOUR CSP ACCOUNT, INCLUDING YOUR CONTENT AND DATA, WILL BE SECURE OR NOT OTHERWISE LOST OR DAMAGED. TERADATA AND OUR AFFILIATES AND LICENSORS DISCLAIM ALL OTHER WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR QUIET ENJOYMENT, AND ANY WARRANTIES ARISING OUT OF ANY COURSE OF DEALING OR USAGE OF TRADE. THE SOFTWARE IS NOT INTENDED FOR HIGH RISK ACTIVITIES, AND TERADATA DISCLAIMS ALL LIABILITY FOR ANY USE OF THE SOFTWARE IN HIGH RISK ACTIVITIES.

7. LIMITATIONS OF LIABILITY

SUBJECT TO THE CARVE-OUTS SET FORTH BELOW, TERADATA AND ITS AFFILIATES AND LICENSORS WILL NOT BE LIABLE TO YOU FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES (INCLUDING DAMAGES FOR LOSS OF PROFITS, GOODWILL, USE, OR DATA), EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SUBJECT TO THE CARVE-OUTS SET FORTH BELOW, TERADATA AND ITS AFFILIATES AND LICENSORS WILL NOT BE RESPONSIBLE FOR ANY COMPENSATION, REIMBURSEMENT, OR DAMAGES ARISING IN CONNECTION WITH: (A) YOUR INABILITY TO USE THE SOFTWARE OR SERVICES, INCLUDING AS A RESULT OF ANY (1) TERMINATION OR SUSPENSION OF THIS AGREEMENT OR YOUR USE OF, OR ACCESS TO, YOUR CSP SERVICES, THE SOFTWARE, OR THE SERVICES, (2) DISCONTINUATION OF, OR MODIFICATION TO, ANY OR ALL OF YOUR CSP SERVICES, THE SOFTWARE, OR THE SERVICES, OR, (3) ANY DOWNTIME OF ALL OR A PORTION OF YOUR CSP SERVICES, THE SOFTWARE, OR THE SERVICES FOR ANY REASON, INCLUDING AS A RESULT OF POWER OUTAGES, SYSTEM FAILURES, SOFTWARE FAILURES OR OTHER INTERRUPTIONS; (B) THE COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; (C) ANY INVESTMENTS, EXPENDITURES, OR COMMITMENTS BY YOU IN CONNECTION WITH THIS AGREEMENT OR YOUR USE OF, OR ACCESS TO, THE CSP SERVICES, THE SOFTWARE, OR THE SERVICES; OR (D) ANY UNAUTHORIZED ACCESS TO, ALTERATION OF, OR THE DELETION, DESTRUCTION, DAMAGE, LOSS OR FAILURE TO STORE ANY OF YOUR CONTENT OR OTHER DATA.

EXCEPT AS SET FORTH BELOW, IN ANY CASE, TERADATA'S AND ITS AFFILIATES' AND LICENSORS' AGGREGATE LIABILITY UNDER THIS AGREEMENT WILL BE LIMITED TO THE AMOUNT YOU ACTUALLY PAY DURING THE 12 MONTHS PRECEDING THE CLAIM FOR THE SOFTWARE OR SERVICES THAT GAVE RISE TO THE CLAIM. THE FOREGOING LIMITATIONS AND EXCLUSIONS WILL NOT APPLY TO: (I) EITHER PARTY'S INDEMNIFICATION OBLIGATIONS; (II) EITHER PARTY'S LIABILITY FOR PERSONAL INJURY OR DEATH CAUSED BY ITS NEGLIGENCE OR WILLFUL MISCONDUCT; (III) EITHER PARTY'S

INTENTIONAL VIOLATION OF THE OTHER'S INTELLECTUAL PROPERTY RIGHTS OR INTENTIONAL BREACH OF SECTION 8 (CONFIDENTIALITY); OR (IV) YOUR OBLIGATION TO PAY FEES. THIS DISCLAIMER OF LIABILITY SHALL APPLY TO THE FULL EXTENT PERMITTED BY APPLICABLE LAW REGARDLESS OF THE FORM OF ACTION THAT MAY BE BROUGHT AGAINST TERADATA OR ITS AFFILIATES OR LICENSORS, WHETHER IN AN ACTION IN CONTRACT, TORT, PRODUCT LIABILITY, STRICT LIABILITY, STATUTE, LAW, EQUITY OR OTHERWISE.

8. Confidentiality and Publicity

8.1 "Confidential Information" means all nonpublic information disclosed by Teradata, its affiliates and licensors that is designated as confidential or that, given the nature of the information or circumstances surrounding its disclosure, reasonably should be understood to be confidential. Confidential Information includes: (a) nonpublic information relating to ideas, features, functions, organization, structure, application program interfaces, graphics, or user interfaces of the Software; (b) documentation and other content available from non-public Teradata support sites such as "Teradata at Your Service"; and (c) benchmark and other test results from tests conducted by you or others. Confidential Information does not include any information that you can document: (1) is or becomes publicly available without breach of this Agreement; (2) was known to you at the time of your receipt from Teradata; (3) is received from a third party who did not acquire or disclose the same by a wrongful or tortious act; or (4) is independently developed by you without reference to the Confidential Information.

8.2 You may use Confidential Information only in connection with your use of the Software as permitted under this Agreement. You will take all reasonable measures to avoid disclosure, dissemination or unauthorized use of Confidential Information, including, at a minimum, those measures you take to protect your own confidential information of a similar nature.

8.3 You will not issue any press release or make any other public communication with respect to this Agreement or your use of the Software or Services.

9. Feedback

Notwithstanding anything to the contrary: (a) Teradata will have no obligation of any kind with respect to any Software-related comments, suggestions, design changes or improvements that you elect to provide to Teradata in either verbal or written form (collectively, "Software Feedback"), and (b) Teradata and its affiliates and licensors are hereby free to use any ideas, concepts, know-how or techniques, in whole or in part, contained in Software Feedback: (i) for any purpose whatsoever, including developing, manufacturing, and/or marketing products and/or services incorporating Software Feedback in whole or in part, and (ii) without any restrictions or limitations, including requiring the payment of any license fees, royalties, or other consideration.

10. General Provisions

10.1 **Assignment.** You will not assign this Agreement, or assign or

sublicense any of your rights under this Agreement, without Teradata's prior written consent. Any assignment or transfer in violation of this Section 10.1 will be void. In its sole discretion and without notice to you, Teradata may assign this Agreement, including to any Teradata Affiliate. Subject to the foregoing, this Agreement will be binding upon, and inure to the benefit of the parties and their respective successors and permitted assigns.

10.2 Interpretation. If any portion of this Agreement is held to be invalid or unenforceable, the remaining portions of this Agreement will remain in full force and effect. Any invalid or unenforceable portions will be interpreted to affect the intent of the parties to the maximum extent permissible. If such construction is not possible, the invalid or unenforceable portion will be severed from this Agreement but the rest of the Agreement will remain in full force and effect. The headings within this Agreement are for convenience only and will not affect the interpretation of this Agreement. "Include", "includes", and "including" shall be interpreted as introducing a list of examples which do not limit the generality of any preceding words or any words in the list of examples. This Agreement does not create any third-party beneficiary rights in any individual or entity that is not a party to this Agreement.

10.3 No Waivers. The failure to enforce any provision of this Agreement will not constitute a present or future waiver of such provision nor limit the right to enforce such provision at a later time. All waivers must be in writing to be effective.

10.4 Regulatory Matters. In connection with this Agreement, you agree to comply with all applicable United States and foreign laws and regulations, including without limitation U.S. export and re-export controls and economic sanctions regulations, statutory and regulatory requirements under: the International Emergency Economic Powers Act (50 U.S.C. 1701) and executive orders thereunder, the Arms Export Control Act (22 U.S.C. 1778), the International Traffic in Arms Regulations (ITAR) (22 C.F.R. parts 120 *et seq.*), the Export Administration Act (EAA) of 1979 (P.L. 96-72), the Export Administration Regulations (EAR) (15 C.F.R. parts 730 *et seq.*), Office of Foreign Assets Control (OFAC) regulations (31 CFR Parts 500-599), including anti-boycott regulations administered by the U.S. Department of Commerce and the U.S. Department of the Treasury, as such now exist or as such may subsequently be enacted or amended (collectively "Export Control Laws and Sanctions"). You agree that you shall not directly or indirectly sell, export, re-export, transfer, divert, or otherwise dispose of any information, products, software, or technology (including information or products derived from or based on such technology) received from Teradata under this Agreement to any other destination, entity, or person prohibited by the laws or regulations of the United States, without obtaining prior authorization from the competent government authorities as required by these Export Control Laws and Sanctions. You are solely liable for any subsequent sale, export, re-export, transfer, diversion or disposal of Teradata products, software or technology, and for further compliance with all applicable Export Control Laws and Sanctions. Teradata has the right to immediately terminate any sale or performance under this Agreement upon notice to you in order to comply with

the applicable laws, rules and regulations of the United States, or at the request of U.S. governmental authorities. You shall indemnify and hold Teradata harmless for any penalties, obligations, fines, liabilities, or other similar losses (altogether, "Losses") incurred by you stemming from violations, charges, investigations, or enforcement actions concerning adherence to Export Control Laws and Sanctions, to the extent such Losses resulted from actions by you. This clause is not intended to provide a comprehensive summary of the Export Control Laws and Sanctions that govern Teradata's products. It is your responsibility to consult with a legal advisor to ensure compliance with applicable laws. This clause shall survive the termination of this Agreement.

10.5 Governing Law; Disputes. New York law will govern the interpretation and enforcement of this Agreement and Orders under it; however, the Federal Arbitration Act will govern all issues of arbitrability. In the event of a claim, controversy, or dispute arising out of or related to this Agreement, an Order, the Software, or Services, each party agrees to give the other prompt notice of such, and both agree to meet and confer promptly to engage in good faith discussions to try to resolve the matter. Any such controversy, claim or dispute which is not resolved through the procedure set forth above within thirty (30) days will be resolved by arbitration in San Diego, California before a sole mutually-agreeable arbitrator who is an attorney with experience in cloud computing under the then-current Commercial Arbitration Rules of the American Arbitration Association. The duty and right to arbitrate will extend to any employee, officer, director, shareholder, agent, affiliate, supplier, or contractor of a party to the extent such right or duty arises through a party or is related to this Agreement, an Order, the Software, or Services. There shall be no right or authority for any claims to be arbitrated as a class member in any purported class or representative proceeding. The decision and award of the arbitrator will be final and binding, and the award rendered may be entered in any court having jurisdiction thereof. The arbitrator is directed to hear and decide potentially-dispositive motions in advance of the hearing-on-the-merits by applying the applicable law to uncontested facts and documents. Except to the extent, if any, elected in writing by the claiming party, the obligation to arbitrate hereunder will not apply to claims for misuse or infringement of a party's intellectual property; and, a claiming party may seek an injunction in court to prevent misuse or infringement of its intellectual property pending the appointment of an arbitrator. The arbitrator will enforce the terms of this Agreement and the Order(s) at issue and will have no authority to award any damages in excess of the limitations and exclusions set forth in this Agreement or in an applicable Order. Neither party may bring a claim more than 2 years after the underlying cause of action first accrues or the party bringing the claim, using reasonable care, first discovers or should have discovered the underlying facts giving rise to the claim, whichever is later.

10.6 U.S. Government End Users. If you are an agency, department, or other entity of the U.S. Government ("U.S. Government End User"), the Software and any accompanying documentation provided under this Agreement is a commercial item as that term is defined at 48 C.F.R. 2.101 and consists of commercial computer software and commercial computer software documentation developed exclusively at private expense as defined at FAR 12.212 and DFAR 227.7202. Any use, modification, reproduction, release, performance,

display or disclosure of the Software and/or the accompanying documentation by the U.S. Government End User shall be governed solely by the terms of this Agreement and shall be prohibited except to the extent expressly permitted by the terms of this Agreement. To the extent that any provision of this Agreement is unenforceable under U.S. federal law, such provision shall not apply against the U.S. Government End User. Recourse against the U.S. Government End User for any alleged breach of this Agreement must be made under the terms of the Federal Tort Claims Act or as a dispute under the Contract Disputes Act, as applicable. Venue and jurisdiction of any disputes with a U.S. Government End User are determined by the applicable federal statute

10.8 Force Majeure. Any delay or nonperformance of any provision of this Agreement (other than for the payment of amounts due hereunder) caused by conditions beyond the reasonable control of the performing party shall not constitute a breach of this Agreement, and the time for performance of such provision, if any, shall be deemed to be extended for a period equal to the duration of the conditions preventing performance.

10.9 Independent Contractors. Teradata and you are independent contractors, and neither party, nor any of their respective affiliates, is an agent of the other for any purpose or has the authority to bind the other.

10.10 Entire Agreement. This End User Agreement; Order-specific terms (i.e., the description and quantities of software, services and resources included in the Order(s) including restrictions such as limitations of time, resources, and utilization); any terms, conditions, restrictions, and policies regarding the Software or Services published by Teradata and referenced herein; and the CSP Terms and Policies as applied to you (collectively, the "Complete Agreement") constitute the entire understanding between the parties regarding the subject matter of the Complete Agreement. Upon renewal of a subscription, the Complete Agreement consists of the version of the End User Agreement on the applicable Teradata listing page on the date of renewal; the Order-specific terms in effect on

the date of renewal; the most recently published terms, conditions, restrictions, and policies regarding the Software or Services in effect on the date of renewal; and the CSP Terms and Policies as applied to you ("Renewal Terms"). You accept the Renewal Terms by renewing your subscription. The Complete Agreement supersedes all prior or contemporaneous representations, understandings, agreements, or communications between the parties, whether written or verbal, regarding the Software and Services. The Complete Agreement governs the Software and Services exclusively, except for the licensing provisions in separate written agreements, if any, granting you the rights to upload Supplemental Software or download Client Software. For example, none of the terms of the following agreements apply to the Software and Services: (a) a master agreement, if any, between Teradata and you and/or respective affiliates, and (b) the terms of separate written agreements, if any, granting you the rights to upload Supplemental Software or download Client Software, other than the provisions granting such license rights. Teradata will not be bound by, and specifically objects to, any term, condition or other provision which is different from or in addition to the provisions of the Complete Agreement (whether or not it would materially alter the Complete Agreement) and which is submitted by you in any order, receipt, acceptance, confirmation, correspondence or other document. In the event of a conflict among the governing documents with respect to the subject matter of the Complete Agreement, the documents shall control in the following order: Order-specific terms; the applicable End User Agreement; the applicable terms, conditions, restrictions, and policies regarding the Software or Services published by Teradata; and the applicable CSP Terms and Policies as applied to you.
