

Using Microsoft Software. In conjunction with the Services, you may be allowed to use certain software (including related documentation) developed and owned by Microsoft Corporation or its licensors (collectively, the "Microsoft Software"). If you choose to use the Microsoft Software, Microsoft and its licensors require that you agree to these additional terms and conditions:

The Microsoft Software is neither sold nor distributed to you and you may use it solely in conjunction with the Services.

You may not transfer or use the Microsoft Software outside the Services.

You may not remove, modify or obscure any copyright, trademark or other proprietary rights notices that are contained in or on the Microsoft Software.

You may not reverse engineer, decompile or disassemble the Microsoft Software, except to the extent expressly permitted by applicable law.

Microsoft disclaims, to the extent permitted by applicable law, all warranties by Microsoft and any liability by Microsoft or its suppliers for any damages, whether direct, indirect, or consequential, arising from the Services.

Microsoft is not responsible for providing any support in connection with the Services. Do not contact Microsoft for support.

You are not granted any right to use the Microsoft Software in any application controlling aircraft or other modes of human mass transportation, nuclear or chemical facilities, life support systems, implantable medical equipment, motor vehicles, weaponry systems, or any similar scenario (collectively, "High Risk Use"). Microsoft and its suppliers disclaim any express or implied warranty of fitness for High Risk Use. High Risk Use does not include utilization of the Microsoft Software for administrative purposes, to store configuration data, engineering and/or configuration tools, or other non-control applications, the failure of which would not result in death, personal injury, or severe physical or environmental damage. These non-controlling applications may communicate with the applications that perform the control, but must not be directly or indirectly responsible for the control function.
