

Terms & Conditions Tour Planning on AWS Marketplace

Commercial Terms for AWS Marketplace

By using HERE Tour Planning on AWS Marketplace you agree to the following:

1. Your Subscription Plan for HERE Tour Planning on AWS Marketplace is governed by and incorporates the HERE Platform Terms or such other mutually agreed separate written agreement.
2. The additional terms and conditions below

Permitted Use Case:

Subscription to HERE Tour Planning on AWS Marketplace is permitted only for the Optimization use case.

Fees:

- Fees are charged per Asset (as defined below) according to the quote you accepted.
- Prior to the start of your Subscription Plan, you must select a number of Assets you manage. You warrant that you do not manage more Assets than reflected in your Subscription Plan.
- Monthly Billing: each month and as your business grows, you can increase the number of Assets in your Subscription Plan. Changes take effect at the start of the next monthly billing period.

Fair Use of HERE Tour Planning on AWS Marketplace:

You agree to use HERE Tour Planning in strict compliance with Documentation, implementation guidance and in accordance with the purpose defined therein. You warrant that your use of such API will not disrupt the provision of HERE Tour Planning nor generate extreme peak usage detrimental to HERE. For reference, the expected fair use of Transactions is set forth in the table below. HERE reserves the right to provide you with further implementation guidance to prevent or correct any usage in excess of the expected fair use and you agree to conform with such updated implementation guidance. Should you exceed the Transaction limit set forth below, the Subscription you purchased through AWS Marketplace will stop functioning for the remainder of the month. Expected fair use of Transactions:

**Expected Fair Use - Subscription Plan Transaction Limit
Per Month Per Asset**

Overage Fee

Feature Name	AWS Marketplace Plans	€ Per Transaction	\$ Per Transaction
Tour Planning	700	€0.026400	\$0.033000

Application IDs:

Usage is tracked for each Subscription Plan. A Subscription Plan may have multiple App IDs. HERE Partners may only use one Subscription Plan for one individual Partner Application. In cases where Partner's end customers have direct access to HERE's services, one Subscription Plan may only be used for one individual Partner end customer.

Definitions:

Capitalized terms not otherwise defined in these terms and conditions shall have the meanings set forth in the Platform Terms.

"Optimization," meaning Asset Management and, in relation to one or more Assets, utilizing software or application(s) to calculate the order of destinations and or routes.

"Asset Management," meaning, in relation to an Asset, the provision of any one or all of the following (i) locating, tracking and/or displaying on a map; (ii) provision of route calculations; and (iii) deriving of analytics; and (iv) alerts that inform drivers of potential hazards on the road such as incoming pedestrians, vehicle braking, dynamic hazards or potholes ("Safety Enhancement Alerts").

"Asset" means, individually, a means of transportation, a vehicle or any other inanimate object actively managed by a HERE customer using HERE Tour Planning on AWS Marketplace.
