

By subscribing to any product or service sold by Confluent ("Confluent Services") on the Amazon Web Services Marketplace ("Marketplace"), you agree to the Confluent Cloud Services Agreement located at <https://www.confluent.io/contracts/> ("CSA") and the applicable policies and product descriptions located at <https://www.confluent.io/contracts/> ("Policies and Product Descriptions"). If you have a signed version of the CSA ("Negotiated CSA") that has not expired or been terminated and covers the Confluent Services being purchased through the Marketplace, then the Negotiated CSA will govern your use of such Confluent Services purchased on the applicable Marketplace, as well as the applicable Policies and Product Descriptions.
